

Hi there!

We get photos from your teacher. Wow, you do it well! We're happy to see that you do a lot of things with the subject Holland :)

The klompen are very nice, with all the colors, we love it!

Johann, you like the word 'schaatsen.' Maybe we will see you once in Holland :)

You also made the bolus! They look like very good. We really like it to see the photos. It looks like so really on the Dutch bolussen. Clara, we read that you say it was very delicious. Welcome in Holland to taste the bolus in the Dutch bakery.

You also learned about the Dutch provinces, you are very smart children now!

We're glad that we've had the opportunity to give our lessons in this digital way. We're impressed to see the results of your work! Thank you for this all!

Kind regards,

Marle, Carmen, Anne, Ineke, Stefanie & Lianne
